**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeffrey A. Wyand on January 4, 2005.

The application has been amended as follows:

**In the Claims:**

In claim 10, line 7, after the word "surface" insert the following --, the emission light being substantially parallel to and opposite in direction from the incident light--.

2. The following is an examiner's statement of reasons for allowance: the independent claim contains limitations not found in the prior art of record. Specifically, claim 10 contains limitations directed to an irregular pattern reader comprising a prism including a planar incident surface having a first angle of inclination relative to a detection surface and emitting emission light reflected from the detection surface and corresponding to incident light upon the incident surface, the emission light being substantially parallel to and opposite in direction from the incident light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
